

## NAC-200 High Resolution Network Camera

### 1.3 Mega Pixels High Image Quality

**QANP NAC-200** is a network camera with image resolution of 1.3 mega pixels. You can select different resolution combination for viewing images and the maximum resolution supported is 1280x1024. Different from many other network cameras are restricted by low resolution, USB interface, and being bounded to certain computer devices, NAC-200 combines a camera, operating system and application firmware in one. By simply connecting NAC-200 to the Internet, users can view and record the remote video images, and access the administration page via the IE browser.

#### Product Feature

- 1.3 mega pixels resolution
- 1/2" SXGA color CMOS
- Easy management and configuration by IE browser
- Supports manual recording and snapshot taking for transferring to PC
- Supports DDNS for dynamic IP address

#### Product Specifications

Hardware	
CPU	32-bit RISC CPU
ROM	32MB Flash Memory
RAM	64MB SDRAM
Communication	
LAN	RJ-45, 10/100 Mbps Ethernet
Protocol	HTTP, TCP/IP, DHCP, PPPoE, DDNS
Alarm Output	1
Image Sensor	
Sensor	1/2" SXGA Color CMOS
System Specification	
OS	Embedded Linux
Video Compression	JPEG, Motion-JPEG
Networking support	DHCP / Static IP / PPPoE / DDNS / DNS / Multicast
Browser	Microsoft Windows 98SE / ME / NT4.0 / 2000 / XP Internet Explorer 5.0 or above
Storage	NAS / Windows / Linux
Finder	Finder software can search all NAC-200 in LAN automatically
Monitoring	Support various video resolutions Support Timestamp High Performance, 640x480@20FPS
Recording & Snapshot	Automatically recording with user defined schedule 7 factory preset schedules to choose Able to record to remote computer (NAS/Windows/Linux) Able to record to viewer's computer manually Taking high resolution (1.3 Mega Pixels) still image while monitoring
Event Handling / Action	<ul style="list-style-type: none"> <li>• Recording Fail</li> <li>• Send alarm output</li> <li>• Storage Fail / Full</li> </ul>
Video Playback	<ul style="list-style-type: none"> <li>• Build-in Player</li> <li>• Support remote video file playback</li> </ul>
Video Setting	Resolution for monitoring and recording: 1280x1024, 640x480, 320x240 Resolution for snapshot: As Monitoring, 1280x1024 5 adjustable frame rate level Brightness, Hue, Saturation and Contrast adjustable at 640x480 & 320x240
System Administration	<ul style="list-style-type: none"> <li>• Password &amp; Username setting for administrator and normal user</li> <li>• Date / Time setting</li> <li>• User settings Backup/Restore</li> <li>• Firmware Update</li> </ul>
Languages	English, Traditional Chinese, Simplified Chinese
Mounting	
Mounting Bracket	Desktop, Wall Mount
Operation Condition	
Operating Temperature	0~40 °C
Humidity	5~85% R.H
Power Consumption	12V DC, 320mA
Dimension & Weight	
Dimension (H x W x D)	121 x 136 x 62 mm
Weight	350g
